

# 5611 Homes Alive Pets

## Project Owner

Homes Alive Pets

## Project Location

Edmonton, AB

## Time Frame

Start: December 2017

Completion: January 2018

## Project Value

\$925,000

## Safety

Zero Incidents

## Project Summary

- 23,160 SF Pet Supply Store.
- Contained structural component, conversion of existing automotive vehicle repair garage to retail space.
- Custom display millwork, services for commercial coolers and freezers, conversion/creation of warehouse space.
- Develop huge warehouse space used to store product for their online sales.

## Challenges and Achievements

- Permitting issues delayed the project but we were able to overcome the issues complete the renovation allowing the client to open on time.

*Goldwing was contracted for an extensive renovation project converting a car dealership into a retail pet supply store with warehouse. We found Mark and his team to be competition professionals completing the project within our designated timeline and budget. They handled the project with integrity and were transparent through the whole process.*
