To whom it may concern,

Goldwing Construction Inc. was contracted by Homes Alive Pets for an extensive renovation project converting a previous car dealership at 5611 104st into a retail pet supply store with warehouse. This is the second project Mark and his team have completed for us and we are very appreciative of the service they have provided

We have found Mark and his team to be competent professionals completing both projects within our designated timeline and within a reasonable budget. They handled the projects with integrity and were upfront and transparent throughout the whole process. I do not hesitate to recommend Mark McFarlane and Goldwing Construction Inc. for any future projects.

Should further information be required, please do not hesitate to contact the undersigned.

Sincerely,

Leon Ropp
Owner of Homes Alive Pets
